

DID YOU KNOW? SPROUTS IS HELPING KIDS GROW HEALTHY.

Right now, in hundreds of schools across the country – and maybe right around the corner from your store – Sprouts is supporting gardening and nutrition programs for kids!

Since 2015, Sprouts has been deeply involved in building, sustaining, and growing the school garden movement.

NEW! SPROUTS "ROUND UP FOR KIDS' NUTRITION EDUCATION"

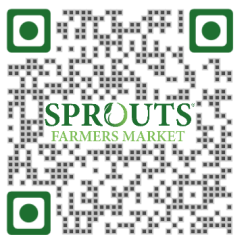

We are inviting our customers to consider “rounding up” at the register to help raise awareness and funds for children’s nutrition, cooking and school garden programs. This is a simple **no pressure option to donate** with a “yes” or “no” button at the pin pad.

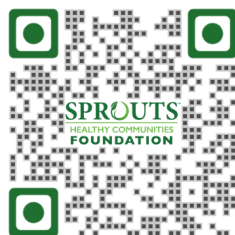

HOW WE'RE HELPING:

- **6,000+ school garden programs** benefit from Sprouts funding nationwide
- **3 million students** received garden education last year with our support
- **200+ gardens** built and maintained by Sprouts employees – and we are just getting started!
