## RECIPE!

### COOKIE CRUMB PIE CRUST

How great is it to use cookies to make a pie crust? You get pie and cookies all at the same time. Scott's favorite lemon snaps are great for making pie crust, so are our ginger snaps, vanilla wafers, and chocolate chip varieties!

#### INGREDIENTS

- 1 ¾ cup - cookie crumbs
- 5 tablespoons\* - butter (salted or unsalted)

\*Some cookie crumbs need a little less butter to make a good crust mixture. If you're trying a new cookie for your crust, try adding 4 tablespoons of the butter and then adding more if needed.

#### INSTRUCTIONS

Crush your cookies to a very fine crumb. Do this in a food processor OR put the cookies in a zipper bag and roll over them with a rolling pin.

Melt the butter in a bowl. Add cookie crumbs into the bowl and stir until the mix resembles wet sand. Set aside.

Use the spatula or spoon you used for mixing the crust to spread the mixture around the pan. Then use your fingers to press the crust firmly and evenly into the pan.

For no-bake fillings: If not baking the crust, refrigerate for at least 30 minutes before filling.

For baked fillings: Follow the directions for the specific recipe to determine if the crust should be baked before baking the filling.
